The Canara High School, Urva, which was started in 1944 serves mainly the backward classes of Hindus like Fishermen & Billavars. It is these classes that have distinguished themselves in sports in the past, and it is these classes that will form the back-bone, either of the industrial, or martial strength in the population of South Kanara. The very great necessity of having a playing ground for such a school is self evident.

The need of a school in this locality was felt by the Mangalore Municipality, which by a unanimous resolution, passed twice, gave up 1 acre 45 cents for the building of the school. The need has also been recognized by Government who directed the Municipal Authorities to add 1 acre 45 cents more to the plot originally given.

There is a large extent of plot belonging to Government about 20 acres in area, lying adjacent to the school plot, with only a 20 feet rodd between. Under recent Government orders, when Government grounds lie adjacent to school plots, they ought to be reserved for playing grounds for the adjacent schools.

The school applied in 1947 for 10 acres of this Government ground, and the then Collector, J. F. Saunders Esq., M.B.E.,I.C.S., was pleased to recommend the assignment of about 8 acres.

We understand that the matter is awaiting the final orders of Government.

There is no other playing ground available in the vicinity, and if this ground is not assigned, the school will have no ground for its sports, and Physical Education in the school will suffer acutely. The denial of Physical Education to sturdy classes like fishermen and Billavas will be a grevious injury to Mangalore.

It is necessary for us to point out that the reservation of the land for sports will meet the demand that the spot should be left vacant, We do not intend to put up any building, however small, on the locality.

We therefore pray that the recommendations of Mr. Saunders, I.C.S., may be accepted, and that Government may be pleased to pass early orders that the plot recommended by him may be reserved for use as sports ground by the Canara High School, Urva.

p7c.7 (T) Taluk (referred to by the Collector of South Canara in
pp5-7c.7 (T) his proceedings C.No.36/47-B3 dated 20.3.47) may be reserve for use as sports ground by the Canara High School. In Memo.
p9c.7 (E) No.40302/47-1 F2. dated 23.7.47 the Government passed orders requesting the D.T.P. to take necessary action in regard to the recommendations contained in the report of the Joint inspection of the site by the D.P.H. and the T.P.Expert.
p11n-f These recommendations were (1) that the area (19.54 acres in the Northern portion of the Urva maidan might be reserved solely for parks and playgrounds and (2) that
clw it might be alienated to the Municipal Council, Mangalore for development of parks and playgrounds for use by school and other organisations instead of allotting it to individ schools. On a re-consideration of the matter, the Govt.
p12n-f have now decided that the plot of about 8 acres referred to above ~~shall may~~ be ~~assigned~~ alienated to ~~reserved exclusively for~~ the Canara High
p12n-f School for use as sports ground on condition that the management of the School undertakes not to build up on it and uses it for the purpose for which it is alienated. The Director is therefore requested to take necessary acti to have the layout of the draft Kodayalbail Eastward T.P. Scheme revised suitably.

Address entries are on the reverse.

2. The Collector of South Kanara is requested to submit proposals to Government in the

Ms. No. 2022 Health Department, Government of Madras dated the 5th June 1950 deciding that eight acres of land in Urva Maidan should be alienated to the Canara High School for sports ground and requesting the Collector of South Kanara to submit alienation proposals through the Board of Revenue.

This Council regrets to note that though in the Town Planning Scheme the area concerned is reserved for Public recreation purposes and is being used as such for the last 50 years and separate layout for the same has already been sanctioned and the Municipality has at its cost already levelled the area for a play ground, it has not at all been hitherto consulted in the matter of the proposal to assign the 8 acres to the Canra High School and draw the urgent attention of the Government to the agitation and protest the public had made 4 years ago when a large slice of the very same maidan was auctioned as house sites and wishes to convey its emphatic protest at the proposal to make over the said 8 acres to the said school and thereby depriving the public of that locality the use of the said playground which will hereafter be used only for the exclusive use of the children of that school. The Council urges upon the Government to reconsidar its decision and drop the proposal to assign the 8 acres to the Canara High School in view of the fact that there are other lands available for assignment or acquisition for play grounds and the alienation of the proposed land is hg highly objectionable from every aspect.

MEMORANDUM - SUBMITTED BY THE CORRESPONDENT, CANARA HIGH SCHOOL, URVA BRANCH, MANGALORE.

-oo0oo-

I submit herewith a copy of the resolution passed by the Mangalore Municipality protesting against the Government Order sanctioning the alienation of ~~xxxxxx~~ 8 acres of land to the Canara High School, Urva Branch, Mangalore for use as a play-ground and beg to state as follows: -

Under the order of the Municipal Council marked ignored & X/1 the orders appeal to it may stand.
KM 2/8

The Maidan to the North of Nehru Avenue comprises about 19½ acres of ground, out of which the Government Order gives 8 acres to the Canara High School, Urva Branch, Mangalore leaving 11½ acres at the disposal of the Municipal Council.

The Municipal Council in about 1944 levelled nearly 2 acres in the west of the Maidan Centre. This has been very much neglected ~~xxx~~ since, and the rains have washed away the south east of this levelled ground.

SECRETARIAT
22041
2 AUG 1950
EDUCATION DEPARTMENT

The public for its recreation goes to the about 4 acre Maidan to the west, where a radio pavilion has been put up, by Sri. Manel Srinivasa Nayak, a leading merchant of this place, as also a children's gymnasium where seats have also been put up for adults round the Radio Pavilion.

By elimination, the 19 acres Maidan would be required only for school sports.

The Canara High School, Urva Branch, Mangalore is the only Boys' High School in the locality, and almost all the male younger generation of Urva have their Secondary Schooling in this School.

It is in the fitness of things therefore that a small part of the Maidan should be made over to the control of the High School, which is responsible for the Physical Education of the youngsters of Urva.

These facts were represented at the meeting of the Municipal Council by Sri. Mizar Govinda Pai, the local Councillor; but ~~xxx~~ he could not carry the day.

P.T.O.

3 ante The resolution of the Municipal Council refers to previous representations by the Urva public with regard to the Southern Maidan, which was auctioned for house building sites. These representations which were led by well-known citizens of Urva objected to the Maidan being parcelled out for house sites, and pointed out that large portions would be required for the developement of the Canara High School, Urva, the building of which had already commenced at that stage. This may be mentioned to show that local opinion, as voiced by their representative Sri. Mizar Govinda Pai supports the allotment of the site to the Canara High School, which will use it for the Physical Culture of their own sons and daughters.

p3 ante The Council which passed the resolution protesting against the allotment of the plot to the School was composed of only about a dozen Councillors.

The Mangalore Municipal Council has taken a step-motherly attitude towards the Canara High School. The 1 acre 45 cents which were necessary for the expansion of the buildings were ordered by Government to be given to the school in the teeth of opposition of the Council; the late Mr. Daneil Thomas were convinced on local inspection that the attitude taken by the Council in this behalf was unreasonable. The attitude of the Catholic Bloc in this behalf is understandable on reading the following extracts from the "RAKNO":-

*** *** *** **** *** *** *** ***

Now, is there any place in the whole of India where there is more ample provision of Catholic schools than in this our town of Mangalore? And yet quite a number of Catholic children are attending non-Christian schools. To mention only one instance: I learn that no less than 70 Catholic students are attending the Urwa branch of the Canara High School. And of these quite a number are girls! And with the ~~with the~~ Lady-Hill Convent school so close by! In fact, some of them have to cross the Convent school on their way. What is more I am told, that some of them were studying in the Convent school up to the Third Form.

What may be the reason for this sad and incredible state of ~~xxxx~~ affairs? The English medium is no more a reason. The Sisters

have Kannada for their medium. School-fees is no reason. For Sisters went out of their way to inform the children that School-fee concessions will be given to them. I am at a loss to understand the singular callousness of some of our parents in permitting this state of affairs. Something must be wrong somewhere. But where?

Is there no remedy? Our pastors in the pulpit should be unequivocal in condemning this evil. But that alone may not suffice. Each of these cases must be contacted individually, studied on its own merits, and suitable remedies applied? Could the Gymists or the Legionaries undertake the task? We must set about it immediately.

The Canara High School, which is the only institution in the District which has prepared to join the National Cadet Training Scheme, and has set an example to all private employers by enabling its employees to contribute half a months' salary to National Savings Certificates looks to the protection of Government when its schemes for expansion are hindred and not helped by the vagaries of local self governing bodies.

Forwarded.

Kind attention of the Government is invited to this letter Rc.5893-49/A1.dated 1-3-1950, wherein this Department had already pointed out that the allotment of playgrounds to individual schools will result in uncordinated development and that the site might therefore be alienated to the Municipal Council for public play grounds.

Please see the letters cited above and the minutes of H.M.(Agriculture) and H.M.(E & L) on p. 5 c.f. In G.O.No.2022.Health, dated 5-6-1950, the Govt. sanctioned the alienation of a plot of about 8 acres in Kodayalbail, Mangalore Municipality to the Canara High School, Urva, for use as sports-ground on condition that the management of the school undertakes not to build upon it and uses it for the purpose for which it is alienated. The Municipal Council, Mangalore, in the circumstances explained in its resolution on p. 3 c.f., requests that the alienation sanctioned in G.O.No.2022-Health, dated 5-6-1950 may be cancelled. In view of th minutes of H.M.(E&L) extracted above, it does not seem necessary to reconsider the orders issued in G.O.No. 2022.Health, dated 5-6-1950. The Commissioner, Mangalore Municipality may be informed that the Government decline to reconsider their orders issued in G.O.No. 2022.Health, dated 6-6-50. A draft Memo. is submitted for approval H.Ms (H), (Prohibition) and(L.A) may perhaps see.

From the D.T.P. Rc.No.5893/49-A1 dated 1-3-'50.

Summarising Note.

The file deals with the request from the correspondent of the Kanara High School, Urva, for the grant of an extent of about 8 acres in T.S.No.284/1 of Kodiyalbail Mangalore Taluq, in favour of the Kanara High School for use as playground. A reference is invited to the petition from the correspondent of the school at pp.1-2 c.f.

para 3 p5 ante

p9 (E)

In Memo.No.40302/47-1 F2, P.H. dated 23-7-'47 the Govt. had already passed orders requesting the D.T.P. to take necessary action in regard to the recommendations in the report of the joint inspection of the site in question by the D.P.H. and the T.P. Expert. These recommendations were:- 1) that the area (19.54 acres) in the northern portion of the Urva maidan might be reserved solely for parks and playgrounds and (2) that it might be alienated to the Municipal Council for development of parks and play-grounds for use by schools and other organisations instead of alloting it to individual schools.

pp 5-8 (E)

para 14 on 7 (E)

At 'D' on p.3 c.f. the Correspondent is apparently referring to the proposal of Mr. J.F. Saunders, then Collector of S. Kanara at 'E' on p.7 c.f. of Memo.No. 834/49-5, Public, dated 22-8-49. The suggestion of Mr. Saunders was not specifically examined at the time of the issue of the orders in Memo.834/49-5, Public, dated 22-8-'49. But with reference to the Memo. at pp.11-12 c.f of (T), the D.T.P. referred to the joint report of the D.P.H. & T.P. Expert in regard to the utilisation of the Urva Maidan and stated that in accordance with the orders in Memo.No.40302/47-1 dated 23-7-'47, necessary instructions had already been issued to revise the lay out of the Town Planning Scheme in so far as the Urva maidan concerned.

The fact is that in Memo.No.40302/47-1-F2,P.H., dated 23-7-47, the Govt. had already passed orders tha

p9 (E)

"the northern portion of the Urva Maidan might be alienated to the Municipal Council for the development of parks and playgrounds for use by Schools and other organisations (in general) instead of alloting to individual Schools. The D.T.P. points out that the allotment of play grounds to individual Schools in the area will result in un-coordinated development. He also points out that the Municipal Council itself should develop the play grounds and parks and permit the schools and organisations to use them whenever necessary. He is therefore definitely against granting the request of the correspondent for the alienation of the piece of the land in question to the Kanara High School individually. p/17 C.7 pp17-18 C.7
